

Margaret Tully Event Specialist

Margaret joined the Baby Lock education staff in December of 2000, bringing with her a wealth of knowledge and experience. Whether it is conducting sewing/serger classes, running sewing schools or judging sewing competitions, Margaret's talents, skills and professionalism shine.

As an Event Specialist for Baby Lock, Margaret spends her time traveling from coast to coast conducting seminars and sharing her knowledge and love of the Baby Lock product line. Margaret's involvement in the sewing industry reaches beyond the love of sewing to holding offices in the Sewing Guild of America and the Smocking Guild, to being part of the faculty of Hancock Fabrics and JoAnn Fabrics, and finally being a Board member for S.F.N.G. (Sewing and Fine Needlework Guild).

Margaret does have a few extra-special loves in sewing, heirloom sewing and the serger. Add this to her creative techniques on both the sewing machine and serger and you end up with fantastic results. Margaret is always coming up with a new and exciting technique, and is always willing to share.
